

National Park Concessioners: Providing Great Experiences in Great Places

Concessioners have a long history in parks, predating the creation of the National Park Service in 1916. They provide:

and much more including educational services, special food related events, equipment rentals and much more! Concessioners intend to continue serving visitors in the future with broadband and cell connectivity, better campgrounds, new transportation options and more

Private investment built most of the buildings used by concessioners to serve visitors

80% of franchise fees retained in generating park for visitor services and high-priority management programs

4.6 million overnight stays in concessioner lodges, hotels and campgrounds in 2016

Stays generate \$1 million annually in guest donations
